

Product datasheet PS047

**MONOSAN**<sup>®</sup>

Polyclonal Rabbit anti-Collagen I affinity purified  
Clone no. -

MONOSAN

---

Product name	Polyclonal Rabbit anti-Collagen I affinity purified
Host	Rabbit
Applications	IHC-fr (1:20), ELISA (1:3000)
Species reactivity	human
Conjugate	-
Immunogen	Collagen I
Isotype	-
Clonality	Polyclonal
Clone number	-
Size	1 ml
Concentration	0.1 mg/ml
Format	-
Storage buffer	Purified and lyophilized
Storage until expiry date	-20°C

FOR RESEARCH USE ONLY. NOT FOR USE IN DIAGNOSTIC PROCEDURES

---

Product datasheet PS047

**MONOSAN**<sup>®</sup>

Polyclonal Rabbit anti-Collagen I affinity purified

Clone no. -

MONOSAN

---

**Additional info**

Purified and lyophilized from 0.01M sodium phosphate, 0.01M sodium borate, 0.15M sodium chloride, 1% dextran, 1%mannitol, pH 8. For Reconstitution use 1 ml sterile pure water. Binds human Collagen type I. No cross-reactivity to human plasma proteins and human collagen types II, III, IV and V
