

## SoftXS™ “Try Before Buying” — Qualification Questionnaire

### 1. General Information

#### a. Institutional Details

Institution / company	
Department / laboratory	
Complete address (building, floor, room...)	

#### b. Primary Contacts

Scientific lead / signatory of the loan agreement	
Position	
Email	
Phone	
Operational / logistics contact (if different)	
Delivery Adresse if different than the Complete address	
Email (logistics)	
Phone (logistics)	

## 2. CELL TYPES & EXPERIMENTAL OBJECTIVES

### a. Cell Types

Select the cell types you intend to culture or produce:	<input type="checkbox"/> iPSCs / ESCs <input type="checkbox"/> MSCs / other stem cells <input type="checkbox"/> Organoids <input type="checkbox"/> Immune cells (NK, T, dendritic, etc.) <input type="checkbox"/> Microalgae <input type="checkbox"/> Cells on microcarriers <input type="checkbox"/> Extracellular Vesicles (EVs) <input type="checkbox"/> Other: _____
---------------------------------------------------------	-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

### b. Main Objectives of the Test

Objectives:	<input type="checkbox"/> Improve viability / reduce shear stress <input type="checkbox"/> Increase yields <input type="checkbox"/> Transition from 2D to 3D <input type="checkbox"/> Evaluate scalability <input type="checkbox"/> EV production (quality / quantity) <input type="checkbox"/> Process simplification / automation <input type="checkbox"/> Other: _____
-------------	--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

### c. Culture Volumes to be Tested

Volumes:	<input type="checkbox"/> 125 mL <input type="checkbox"/> 200 mL <input type="checkbox"/> 500 mL
----------	-------------------------------------------------------------------------------------------------------

### d. Expected duration of your experiment

Volumes:	<input type="checkbox"/> 1-2 weeks <input type="checkbox"/> 3-4 weeks <input type="checkbox"/> Longer : _____
----------	---------------------------------------------------------------------------------------------------------------------

### e. Experience with 3D Culture

Do you have experience with 3D culture?	<input type="checkbox"/> Yes <input type="checkbox"/> No
-----------------------------------------	----------------------------------------------------------

### f. Onboarding session (HIGHLY RECOMMENDED)

Need onboarding session (30–45 min)	<input type="checkbox"/> Yes <input type="checkbox"/> No
-------------------------------------	----------------------------------------------------------

### 3. MATERIAL TYPE & FUTURE NEEDS

During the test period, Cellura provides:

- non-GMP equipment
- multi-use vessels

After the test period, which type of equipment would you prefer to work with	<input type="checkbox"/> Multi-use vessel (non-GMP) <input type="checkbox"/> Single-use vessel (GMP-compatible) <input type="checkbox"/> Both (depending on the project) <input type="checkbox"/> Undecided
------------------------------------------------------------------------------	----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

### 4. SCALABILITY EXPECTATIONS

Do you anticipate moving to larger culture volumes in the future?	<input type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> Undetermined
If yes, which volumes would be relevant?	<input type="checkbox"/> 1 L <input type="checkbox"/> 5 L <input type="checkbox"/> 15 L <input type="checkbox"/> 50 L <input type="checkbox"/> 200 L <input type="checkbox"/> > 200 L <input type="checkbox"/> Other: _____

### 5. PARTICIPANT COMMITMENT

During the test period, the participant agrees to: <ul style="list-style-type: none"> <li>• use the equipment exclusively for internal testing,</li> <li>• follow Cellura's technical recommendations,</li> <li>• provide feedback at the end of the evaluation.</li> </ul> Do you agree to these conditions?	<input type="checkbox"/> Yes <input type="checkbox"/> No
---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	----------------------------------------------------------

### 6. ADDITIONAL COMMENTS

--
